Meet Riveredge

Riveredge Recovery Group is a boutique claims recovery firm providing class action dedicated to helping businesses recover maximum possible payouts from commercial class action settlements, government refunds, and antitrust lawsuits.

Riveredge works closely with claimants to determine eligibility, identify requisite business records, prepare and file settlement claims and ultimately secure a financial recovery. Throughout the settlement process, our clients receive case updates, notifications, and access to our specialized support services.

Riveredge Advantage

We realize that running a business is time-consuming and rightfully encompasses your full attention. How can you possibly be expected to be involved with the intricacies of court cases, lawsuits, and settlements – even if you may be entitled to a financial recovery? You simply cannot afford to do both. Or can you?

With Riveredge, all you have to do is focus on your business while we take care of your claim – because that's our business. What drives us? Our experience, determination, and satisfaction gained when we close a settlement with a successful payout on your behalf. The process is as quick and simple as registering your basic contact details, and we will get in touch with you at your convenience. You don't even need to spend money – just 3 minutes of your time.

Riveredge Recovery Group is a firm comprised of legal and accounting professionals working alongside claim recovery specialists and account executives. We are not a law firm and do not provide legal advice or representation. We serve as liaison between potential class-members/claimants and settlement administrators throughout the claim filing process to secure optimal financial recovery to our clients.
